

Date:

To,
The Director,
KBPIMSR, SATARA.

Subject: Experiential learning on Research Methodology.

Respected sir,

Rayat Shikshan Sanstha's Karmaveer Bhaurao Patil Institute of Management Studies and Research, Satara organized one day Activity on Experiential learning of Research Methodology topics on Tuesday, 17/05/2022 at 11.00 A.M. in Institute at BBAII Class. There were 64 students from BBA II participated in this activity. This group activity is conducted by Dr.S.S.bhola Head of department of the institute. Dr.S.S. bhola sir form groups and give the task to that students regarding research methodology.

Dr.S.S.Bhola sir forms a group and allotted one group member to instruct or guide other student. After that they give the website sarangbhola.com to search the research paper which is posted by Dr.Bhola sir. Research helps to developing knowledge and skill of student. It enables development in problem solving, decision making, critical thinking, and team work among students. To create research friendly environment and nurture research activity.

Dr.S.S.Bhola addressed the students about the importance of the research methodology. Students were really enjoyed this session and they actually motivated from this session. In this way we successfully organize the lecture.

Thanking You,
Yours faithfully,

Miss.P.A.Shinde
Assistant Professor

Report on Research Methodology.

On 17/05/2022 i.e. Tuesday, sir asked the students who were present on Saturday, to explain the absent students 'Research Protocol'. This was sort of group activity, where sir asked us to divide in groups & allotted one student (present) to each group (absent).

I was the mentor for group of 7 girls in total. I firstly told them to open the slideshare which is present or posted on sarangbhala.com website. Afterwards I told them to open Slideshare on Research Protocol. The slideshare was related to the framework of the ~~the~~ research.

I then started explaining them all the protocol or slideshare, step by step.

First I explained them the introduction point. Where, I told them that in the introduction, all the background of your research problem should be included. And your introduction should be in detail.

Then I further moved to the second point i.e. Research / management problem. In that point I told them that here, all the information about your problem should be included. Though it maybe be a social problem or management problem. You should

I also told them that you should first identify your problem thoroughly, & frame questions

regarding to your problem. ~~who~~ And most importantly I told them that the answers of that questions must be unanswerable or not known.

Then I told them about statement of research. In that I told them to prioritize the questions.

In objectives I explained them that objectives should be related to the problem. A clear idea about the problem should be mentioned.

Then, in hypothesis I explained them the example sir gave us that was 'though girls are said to be academic toppers, the placement scenario is opposite i.e. boys get placed easily than the topper girls.

And then I explained the further points also with clear understanding.

After finishing, I asked everyone whether they have any doubts & solved the same.

At the end of the session, sir also asked to raise the questions if any & answered them.

It was indeed a best experience of teaching other students. It helped me to revise the concepts & understand it more clearly.

Research Methodology Project Discussion :-

Place :- Karmveer Bhaurao Patil Institute of management
Studies and Research Satara

Date :- 17/05/2020

Yesterday we were discussed about the topic of research methodology. The purpose behind it was to let everyone know in detail how to write an exact project. In the same way we got knowledge about to present project to all people.

Dr. Bhole sir explained all the project related concepts to us excellently. He said that it is necessary to increase ~~our~~ our communication and ~~inerec~~ how to improve our communication skill. It gave us a vision to put a step forward in research methodology. It was our luck that sir shared a format on the website and student those who were present at Saturday explained, it sincerely.

Sir have also focused on entrepreneurship and job opportunity for needed student. Sir have also explained how to develop own interpersonal skill, how to look towards the social problems with necked eyes.

We got proper way to complete our project with accuracy. and how to develop our research skills. We wish many more lectures about research, marketing and development of skills from by sir.

REPORT WRITING

Research Methodology Project Discussion :-

Place :- Karmveer Bhaurao Patil Institute of Management Studies and Research Varye, Satara

Date :- 17/05/2022

Yesterday we were discussed about the topic of Research Methodology. The main reason behind that discussion was to be more clear about the research that we are conducting in these semester.

Dr. S.S. Bhola sir (Research Guide) taught us about how to develop your interpersonal skills, how to storm your brain and also to look at the social problems with naked eyes. It gave us a vision to put a step forward in research methodology. It was our luck that sir shared a format on the website and students those who were present at Saturday explained it very sincerely. Sir have also focused on student's internship, High percentage of girls toppers in class but not in placement, Research problem in society and industry.

The main things that we learnt from these session "Teaching Is The Best Way Of Learning". Also we got a image of standard research from introduction to report. We were jumbled at from starting, now we can say we can do it including hypothesis also. We wish many more lectures on motivational guidance, marketing & competitive

world also.

Research - Import Substitute (Data)

1st Discuss Introduction of Research.

* What is import?

- - A product or service that brought into one country from another
- To buy goods, etc. from a foreign country and bring them into your own country.

* Research motto - Import substitution is the idea that blocking imports of manufactured goods can help an economy by increasing the demand for domestically produced goods.

> Import Substitution (IS) generally refers to a policy that eliminates the importation of the commodity and allows for the production in the domestic market.

2nd Research problem:- Many countries protect their producers from international competition by way of tariffs, quotas and undervalued currency. The idea is to protect domestic industry so, that it can grow, which will, in turn, generate income & Employment for the residents, and the country will 'not have to be dependent on imports. India is high-based of export but import of India is high.

3rd Statement of Research: To study Import substitution to help and growth of Indian economy.

- 4th objectives -
- ① Import Substitution is intended to create jobs.
 - ② Reduce demand for foreign currency.
 - ③ Stimulate innovation.

Sarang Bhalu Sir's lecture.

Sir told us to do a group discussion on the topic 'How to write a Research Protocol' which he was teach we were learned by him in previous lecture.

Sir make a told was to make a group and discuss and ask me any doubt you have.

So, Mrunal Kokil was our group head and she explained us 8 points of 'how to write a research protocol'. She explained us in very simple way. & The points she explained ~~were~~ are as follow: (1) Introduction (2) Social or Management Problem (3) Statement of Research Problem (4) Hypothesis of the study (5) Objectives of the study (6) Scope of Study (7) Importance of Study (8) Research Methodology. She explained us in all these topics. Then Sir ask us any doubts ^{arises to} you, ~~have~~. Then one student ask that the difference between Social Problem and Management problem. Sir explain it in very simple way & with the examples so, it get clear to everyone.

Sir's teaching is very nice. and we get understand any topic easily when he teach. whatever sir explained was very useful and I understood it clearly. It will be useful for me in my project. Thank you sir for ~~expalining~~ ~~expailing~~ explaining explaining us.

Report

There were 5 people in my group. and we did group discussion on how to research protocol in 8 steps. all this was explained to us by bhola sir through his samang bhola slide share. In that slide we discuss title to the study, Introduction, social or management problem, statement of research problem, Hypothesis of the study, objective, scope, importance, research methodology in detail. From the above given point i understood how to deal with the research problem. It was very interesting and helpful session.

Nirita

Class:- BBA II

Report Regarding the Group discussion
on Research Methodology.

On 14th May 2022, we had a session on Research Protocol in which, Dr. Bhola Sir explain us in detail & gave information with examples on Research Protocol. In it, ~~he~~ he explained following points,

- 1) Introduction
- 2) Social or Management Problem.
- 3) Statement of Research Problem.
- 4) Hypothesis of the study.
- 5) Objectives of the study.
- 6) Scope of the study.
- 7) Importance of the study.
- 8) Research Methodology
- 9) Organization of Research Report.

On 17th May 2022, Sir told ~~we~~ us that those students present for last lecture will explain to absent students. He made group of 5-7 students and 1 present student in each group. In my group there were 6 girls. I explain all above points with examples to my group, cleared there all doubts. After group discussion, Sir asked we all that ~~any~~ how was ~~at~~ our experience and cleared doubts of students who had any.

It was a nice & we learned & had a good experience from that session. Such type of session are more knowledge giving. We all learned in detailed, what each & every problem is. Like, How to select a problem, what content should be there in Introduction, how Research problem & questions should be defined. The statement of Problem, how should we construct hypothesis i.e., assumptions of problem. How sampling should be there, etc.

Mrunal Kakil
