Sub: Report on Management Game.

Dear Sir,

The management game on drawing an elephant was conducted to sharpen the knowledge in functions of management i.e. planning, organizing, staffing, directing and controlling.

Two group of MBA-I class were made each of 15 students.

The concept of game was explained in details. The 15 minutes time was given for planning and 20 minutes for execution as per the instruction given by mentor.

The presentation made by students on learning's from the game.

30 students participated in the game.

Please find attached the handwritten report submitted by students on the learning. Also a few photographs clicked during the execution of the game.

Thank you,

Sarang Bhola

Sub: Report on Case study research.

Dear Sir,

The management case studies on following two themes were given for study and discussion and presentation by two groups of MBA-II students.

1. S.T. on the front of controversy.
2. Agri- Business Reform – a sustainable rural development.

Two group of MBA-II class were made each of 9 students.

The data related to case studies were collected by students in the field. Rounds of discussions and presentations were taken place. A few discussions and presentations were held in the presence of faculty.

The final drafts of case studies were presented in the University Research Competition, 'Avishkar'. A representative of students groups Jadhav Dhiraj Vijay and Bansode Akshay Gautam has presented the case studies.

Both the case studies were awarded with prize at university level.

Students have shown the excellent team work in the entire process of case study preparation.

Please find attached the case studies and also result of university of Avishkar Competition.

Thank you,

Sarang Bhola

## AVISHKAR RESEARCH COMPETITION 2021-2022.

## S.T. ON THE FRONT OF CONTROVERSY.

## PROBLEM

S. T. employee called for strike from October 2021 it has been the 4<sup>th</sup> month and still the strike is continuous which leads passenger transport problems to common people especially people in rural Maharashtra. The strike holds few demands and common man is suffering. It leads to shred different political colors as well. The strike caused inconvenient and expensive travelling by private mode transportation. S.T. employee demands for increase in their salary and extent M.S.R.T.C. employee a status of Maharashtra Govt. employee and for these demands the strike is on hold.

## METHODOLOGY

- A case study approached has adopted & the rounds of discussions were taken placed coupled with brain storming sessions to find out the plausible solution to combat the strike and resolve the same.
- The discussion with experts have been taken place using unstructured scheduled to probe into this problem.

## IMPACT ON COMMON PEOPLE

7/28/2022

1. S.T. run their buses in rural areas with no profit no loss basis which provides economy in transportation. Private transportation can't compete with S.T. on the pricing factor, so the cost of transportation has increased halves the mobility of people, especially rural people is at stake due to this strike.
2. Students who are from rural, semi urban area daily commuting by bus to reach their respective institutes has been affected. S.T. contributing rural students in education by providing passes at concessional rates.
3. Farmers provides agricultural products viz. fruits, vegetables & other products to urban markets. Owing to this strike ready to deliver agricultural products suffered a lot because S.T. was offering them to travel at economical rate.

4. MS.R.T.C. has over 1 lakh employee across Maharashtra, they didn't received salary consequently for last two years. Their family encounter problems viz. rents, EMIs, monthly bills, and other expenses unfortunately some of employee were committed suicide due to unending strike.
5. MS.R.T.C. has 253 Depot in Maharashtra and nearby this Depot many businesses were affected.

1. The Chief Minister of Maharashtra should arrange meeting as intermediaries with The State Transport Minister and President of S.T. Employee Unions and take the best decision which is beneficial to all employees.
2. MS.R.T.C. has over 10,000 crore debt if whole debt will distribute in district wise depot and give incentive and rewards for Driver and Conductors to earn passenger on roads like Telangana State Road Transport Corporation will help bring back S.T. on track.

3. The concept of profit center and profit sharing should be implemented. One base payment should be given and over above the targeted revenue the profit earn by the depot is to be shared with the employee of that depot only. This will increase competitiveness, increase the sense of responsibility and authority amongst the employee. The employee with respect to depot can decide their earnings beyond a designated salary.
4. The S.T. should also focus on goods carrier to mobilize the rural resources to urban area and also the parcel service between towns and cities to earn revenue.
5. The properties of S.T. are in prime locations. The properties can be utilized for commercial use by building hotels, rest houses and renting out the shops and big malls. This will become one more permanent source of income to S.T.

Thank you.

7/28/2022

## AVISHKAR RESEARCH COMPETITION 2021-2022

### AGRIBUSINESS REFORM-A SUSTAINABLE RURAL DEVELOPMENT

#### PROBLEM

Western Maharashtra is a Hilly region, where in some places agriculture is Supplementary and in some is Drought. The biggest problem in villages in Sahyadri ranges is of unemployment. In search of employment youth in the villages migrated to urban vicinities and villages are left with senior citizens. The scanty resources prevailing in rural area remained unused, which can otherwise would be utilized in productive manner .

#### INTRODUCTION OF THE STUDY

Lavanghat, is a small village in Satara district. This village was also facing the same problem. The village had a total population 1200, but people moved to the cities for jobs and water problem of the village. Now only 325 people lived in the village and they were in the age group of 50 to 60 years , but this people did no give up. In this there was a house holder Mr. Uddhav Nana Pawar who studied lots on this issue and for the welfare of the people of the village.

After lots of study Mr. Pawar sir chose Animal husbandry in his village. He realized the need of pure Milk and Native Cows. And they decided to start a Native cows project, and made it success with his villagers.

#### IMPLEMENTATION

The villagers chose Gir cow from Gujarat for the match in their area. on 25 May 2015, villagers brought 11 Gir cows from Gujarat to their village, and they named Their project "Gomata Native Cow's Milk, Lavanghat." that's how they started their project. They created their own customer base and Gradually expanded project, in the next three year they once again bought 16 cows from Gujarat. Due to this project just because of milk a person in the village is earning 15,000/- to 20,000/- Rs. Per month, per cow.

7/28/2022

The villagers take care of all the cows from feeding to cleaning. The main product of the project is Milk, but now the villagers are making thing from cow dung and cow urine.

Bioproducts that villagers making and selling:

1. Agnihotra Sheni - 2 Rs / per Piece.
2. Gaurka - 350Rs / 500ml.
3. Urine (Jivamrut) - 25 Rs / liter.

This also provides employment to Other people in the village. This is Mainly due to the fact that women Are employed in their own village.

90% of the benefits of milk and other products are given to the villagers. At the same time, the villagers who work to make other products also earn Rs. 1500 to 4000 per month.

The main reason for the success of This project is the unity of the Villagers. No one here owns one. The progress of the village is more Important to the villagers than Business.

### Economics of the project

Sr.	Particulars	Amount
1.	Cost of cow	5000 to 6000 per cow
2.	Income from cow	3000 to 4000 per cow/per month
3.	Milk	800 per liter
4.	Milk Products	From 200ml to 250ml/kg
5.	Bi-products	Agnihotra sheni 2Rs/piece
6.	Expenditure on cow	4000 per cow/per month
7.	Profit per cow	1.5k to 2000 per cow/per month
8.	Impact on village	Native cow can't like to be confined

- The issues with this project are scalability. Currently the total production of milk is around 150 liters. The demand is much more of this milk since this milk has its own characteristics.
- The milk is supplied in raw form and no other treatment is done which might leads to unhygienic supply of milk which needs to be addressed.
- The project on product development on cow dung and urine should be thought of.

### Futuristic perspective:

- The scalability of present project needs to be enlarged in multifold.
- The same project can be replicated after providing training to the villagers who are interested to adopt the said reform.
- The model for development of bi-products needs research.

### CONCLUSION

Lavanghar villagers, with this project of native cow, enhanced their economy and created employment. Effect of this lead to prosperity and return of youth to village again. This is the example of economic process reengineering.

Subject: Regarding 'Avishkar' research competition

Respected Sir,

I am delighted to convey remarkable accomplishment of our student in 'Avishkar' research competition. 'Avishkar' a mega event organized by Shivaji University, Kolhapur offering platform to budding research scholar.

In 2022-23, 11 students of our institute participated and presented their research work. 02 of our students secured ranks for phenomenal work they did in their respective area of research. Expressing herewith gratitude for kind of support you extended in this endeavor.

Thanking you,

Your's faithfully

  
Dr.S.B.Chavan

# CERTIFICATE OF GRANT INNOVATION PATENT

**Patent number:** 2020103331

The Commissioner of Patents has granted the above patent on 6 January 2021, and certifies that the below particulars have been registered in the Register of Patents

**Name and address of patentee(s):**

Sarang Shankar Bhola of Shivaji University, Rayat Shikshan Sanstha's Karmaveer, Bhauroa Patil Institute of Management Studies and Research - Varye Satara 415015 India

Ganesh Pandit Pathak of Swami Sevabhavi, Sansthas Lotus Business School, Punawale, Affiliated to Savitribai Phule Pune University Pune 411033 India

Jyoti Jayasingrao Nigade of KLE Society's, Science & Commerce College, Kalamboli Mumbai University Navi Mumbai 410218 India

Rishikesh Krishnaji Nalawade of IIEBM, Indus Business School Wakad Pune 411057 India

Supriya Suresh Raskar of Pune District, Education Association's Mahatma Phule, Institute of Management & Computer Studies, Hadapsar, Savitribai Phule Pune University Pune 411028 India

Dattatray Popat More of Anekant Institute of Management Studies AIMS Baramati 413102 India

Priyanka Raunak Dhoot of Savitribai Phule Pune University, Unitech Societys Institute of Management and Research Pimpri, Pune 411018 India

**Title of invention:**

QUANTIFICATION PROCESS FOR ATTAINING SOCIAL INTEGRATION IN WORK ORGANIZATION

**Name of inventor(s):**

Bhola, Sarang Shankar, Pathak, Ganesh Pandit, Nigade, Jyoti Jayasingrao, Nalawade, Rishikesh Krishnaji, Raskar, Supriya Suresh, More, Dattatray Popat and Dhoot, Priyanka Raunak

**Term of Patent:**

Eight years from 9 November 2020

NOTE: This Innovation Patent cannot be enforced unless and until it has been examined by the Commissioner of Patents and a Certificate of Examination has been issued. See sections 120(1A) and 129A of the Patents Act 1990, set out on the reverse of this document.

Dated this 6<sup>th</sup> day of January 2021

Commissioner of Patents

PATENTS ACT 1990

The Australian Patent Register is the official public record of all patents granted under the Patents Act 1990.
