Coordinator Alumni Cell

Dr. B.S.Sawant  
Director

### Alumni Meet 2020-2021

We invite your views and detailing on the points of agenda. The alumni who are interested to contribute in the points mentioned on agenda they should communicate before Alumni meet which can be compiled and presented in the Alumni meeting and decisions can be taken. The communication is to be done on [alumnikbpimsr@gmail.com](mailto:alumnikbpimsr@gmail.com) only. Communication on WhatsApp group will not be considered for the same.

1. **Alumni Membership:** Decision regarding life membership of Alumni Association is to be taken. Since this question may be asked to the institute regarding number of alumni registered. We need to develop a form of alumni registration along with alumni membership terms and conditions if any. Someone should help to develop such form. Already we have circulated the Alumni Information form. A link is provided on WhatsApp group on which the facility of submission of Alumni Information is given.
2. **Alumni Executive Committee:** This committee would be set up for a certain period, say two years, three years or five years. The executive committee is responsible to hold an alumni association meeting, set goals and attain the goals. The report on attainment of goals for every academic year need to be prepared and submitted to Internal Quality Assurance Cell (IQAC) of Institute. The Secretary of Alumni association, a faculty of KBPIMSR takes care of report. In this case, Dr. Sarang Bhola is in a role of Secretary of association.

The process of formation of Executive committee is to be done by existing President and members of Alumni Association. *(Those who are interested to be on the member of Executive committee should convey their names on give mail ID well before meeting)*

3. **Alumni Chapters:** Can we have alumni chapters like Pune Chapter, Mumbai chapter and PAN India Chapter?? . Since the number of Alumni of institute is large in numbers and spread over India. The majority are concentrated in Pune and Mumabi. It is now possible to have meetings of Alumni chapters using online platform. The chapters would be having their own executive committee for functioning. The goals set by Alumni executive committee are to be shared by theses chapters. If we go for different chapters then different executive committees are needed. *(Convey your opinions on chapter formation. If executive committee decides to go for Alumni chapters then we should be ready with names members. So please Alumni those are interested to be a member in Chapters should convey their names.)*
4. **Activities:** Different activities are expected to be undertaken by Alumni in a respective academic year for students of institute viz.
  - a. Teaching from the syllabus
  - b. Teaching the general management concepts
  - c. Teaching skill related topics
  - d. Experience sharing,
  - e. Case study development and discussion with students,
  - f. Organize workshops for the students.
  - g. Organize workshops individually
  - h. Organize skilled based courses independently.
  - i. Students visit to business concern of Alumni.
  - j. Play role as chief guest, expert, judge in events and functions organized in the institute. *(you need to visit the institute for this purpose)*
  - k. Other. *(specify)*

*(We can prepare a Google form to take the data regarding interest of Alumni in above activities so that it would be easy for us to invite Alumni respectively.)*

5. **Alumni Mentorship:** Every alumnus/alumna is now expert in a particular domain. For example Supply Chain, Event Management, International, Training and Development, Materials management, ERP/SAP, Digital Marketing and the like, then the students looking for these careers would work continuously under your patronage. The Alumni would work as a mentor until the student gets placed. The formal records would be maintained in Alumni mentorship. (The format of records needs to be developed and modus operandi needs to be decided)
6. **Placements of students:** Alumni have to make efforts for the placement of final year students in industry, business, trade and commerce. At KBPIMSR, we have MBA, BBA, BCA and DBM programs.
7. **Entrepreneurship development and Incubation cell.** Few students wish to go for business after completing the education. For them a cell is working in institute i.e. entrepreneurship and incubation cell. The alumni who are entrepreneurs should contribute their expertise in this cell to help budding entrepreneurs find business opportunity, incubate the same and prepare a bankable project report. Make them ready to do business. (once a week we are not allotting time for this activity)
8. **Alumni Re-skilling:** Let's develop and even sharpen our own skills also. The business environment is changing every certain year and we come across new business reforms. To get equip to face these reforms we as an alumni needs education and training. We can attain this by two ways one is our senior alumni expert would play a role of mentor and take sessions of alumni for re-skilling. Another way is expert alumni committee will design a program and experts from the field would deliver the sessions. (The activities and budget needs to be worked out. The cost of training is to be contributed by Alumni)
9. **Alumni News Letters:** It is a publication done at certain period (preferably Bi-Annual) which will carry the detailing like, events conducted by alumni, awards and recognitions received by alumni, alumni conducted activities for the students (delivered lecture, internship, placement and mentoring) alumni awards by institution, alumni re-skilling programs and MDP organized by Alumni. The news letter would come with photographs and little detailing of everything mentioned here. (The editorial board for Alumni News letter is to be decided. The Director of Institute would be Editor in Chief and Secretary of Alumni Association has to coordinate the News Letter. The interested Alumni to work on editorial boards should convey their names through e-mail.)
10. **Alumni Annual Awards:** Recently institute has started giving away the Best Alumni award. We need to decide on the Criterion to give away the awards. How many awards to be given per year, Nature of award and the like. (We invite your suggestions on this through mail)
11. **Management Development Programs:** The programs for alumni who are working at managerial cadre would be organized. The industry wise development program can also be thought of. This is a part of re-skilling of Alumni by seniors or by outside experts.
12. **Internship to the students by Alumni:** The senior Alumni are expected to offer regular internship and internship in the form of summer placement to the students of institute.

**Note:**

1. The formal record of all activities mentioned above are to be kept in prescribed format with sufficient evidences like photographs, videos, screenshots and the like.
